Panel Study of Income Dynamics Workshop for New and Prospective Users

Objectives:

This workshop introduces the structure and content of the Panel Study of Income Dynamics (PSID) and its supplements and provides information on how to access this public-use data resource. Since 1968, PSID has followed a US-representative sample of families and their descendants. Content domains include employment, income, wealth, education, health, family formation, child development, intergenerational relations, and numerous other topics.
