2. I feel like crying many days
3. I feel like crying once in awhile

This variable is a component of the Child Depression Index (CDI) (C24CDI). The scale is the sum of the non-missing responses to these 10 items. Each item is scored 1-3, but recoded to 0-2 where higher values are indicative of greater depression. All items must be non-missing for the scale to be generated. Some items are reversed, as noted.

C24J1A "HOW OFTEN BEEN PICKED ON LAST MONTH 24" NUM(1.0)

J1A. To begin, I'm going to ask you some questions about your experiences with kids at school, in your neighborhood, and on the Internet. In the last month, how often have kids picked on you or said mean things to you?

Would you say: every day or almost every day in the last month, about 2 or 3 days per week, about once a week, 1 or 2 times in the last month, or not in the last month?

This variable is a component of the Bully Scale (C24BULLY). The scale is the rounded mean of non-missing responses to at least 3 of these 4 items (rounded to .01). Each item is scored 1-5 where higher scores are indicative of less bullying. Items C24C26-C24C29 are collected for children aged 10-11 and J1A-J1D are collected for children aged 12-18.
