BEFORE YOU BEGIN:

Be sure you have prelisted at F71, p. 55, all FU Members currently 16 or older (except Head or Wife/"Wife") who are on the FU listing label, item 13, p. 2 of Reinterview Cover Sheet.
1985 QUESTIONNAIRE: QUESTION-BY-QUESTION OBJECTIVES

Note: Small boxes in the questionnaire are for editing and coding. Do not write in these boxes. They are for study staff use only. Examples:

```
<table>
<thead>
<tr>
<th>MO</th>
<th>YR</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
```

<table>
<thead>
<tr>
<th>OCC</th>
<th>IND</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The same applies to the black dots that appear before some of the questions. Pay no attention to these—they're for the coders.

Note also that in the question-by-question objectives, there are some questions for which we don't give any explanatory instructions. Questions that are straightforward or self-explanatory, or that contain in the questionnaire an adequate interviewer instruction (IN CAPITAL LETTERS), are not listed in the Q by Qs. So don't panic if a question is skipped--this means no explanation is thought necessary.

COVER PAGE OF QUESTIONNAIRE

Items 2-9. Should match comparable dates, times and numbers on the Cover Sheet. Enter interview information separately for the Head and Wife/"Wife" interviews.

Item 10. The bottom line of the Respondent label, Item 1 on Reinterview Cover Sheets contains this information. Splitoff Cover Sheets contain this information at Item 11. You do fill in these boxes.

Please copy this information accurately into the boxes. It is our most important link in case materials are misplaced.

Note the box in the lower right-hand corner of this page. If you are taking a Reinterview, please complete the grid as per instructions here before you begin the interview.

• TN5. Please provide a few words about this FU which might help editors and coders understand any potentially confusing family situations or relationships (such as the fact that parents of grandchildren do not live in HU, who the actual parents of stepchildren and grandchildren are, etc.):

  20-yr old daug moved out to own home 7/84; 19-yr old daug moved to college dorm 1/85; 5-yr old girl, the daughter of a family friend, moved in 3/84, will stay at least 2 years.

• TN6. Describe any ambiguous or conflicting situation(s) in this interview that you want editors and coders to know about:

  Head temporarily living in another town to work - left him Head because he's home every weekend and will move back when job ends.

• TN7. How would you describe the interview situation? Please add any other clarifying remarks that will be helpful to editors and coders when this interview is processed. If this FU should be recontacted for missing information from Ann Arbor, is there something else we should be aware of?

  5-yr old girl being raised by family while mother is overseas - girl's mother is unmarried, father unknown. Included girl in FU because treated like a daughter and here to stay several years.

  Head and wife both very cooperative!
THUMBNAIL SKETCH

Completion of this section is required!

THUMBNAIL SKETCH:

TN1-2. We ask that you try to interview the Head of the FU for the Head interview and the Wife/"Wife" for the Wife interview, but it is possible that circumstances result in your interviewing someone else. Indicate here your Respondents for the Head and Wife/"Wife" sections.

TN3. The information we need here is the total number of calls required to obtain and complete the interview(s). The number of calls documented in the Call Record should correspond with the figure indicated here.

TN4. Answer YES if Item 16 of the Reinterview Cover Sheet contains any persons with a "NO" in the leftmost column(16a). Answer YES if anyone on a Splitoff Cover Sheet has a "NO" in item 13f. If you answer YES, please explain the living situation in the space provided.

TN5-TN7. Telephone interviews may not lend themselves to standard thumbnail sketching, but write here anything that will help us understand the Respondent's situation, especially in families with unusual financial arrangements, job situations, or complicated family structures.

Anything that we need to know and do something about (the Respondent wants more information about the study, etc.) must be written on a separate memo and attached (stapled) to the outside of the Cover Sheet.

Cover Sheets (and sticky yellow peel-off labels) are separated from the interviews during Ann Arbor editing, so editors and coders do not have Cover Sheets for reference. This is part of our system for protecting the privacy of Respondents. As such, explanations of family relationships, for instance, are very helpful here.
SECTION A: MARITAL STATUS, HOUSING AND TRANSPORTATION

A1. INTERVIEWER CHECKPOINT: SEE REINTERVIEW COVER SHEET, (P. 2)--ITEMS 13a AND 16a OR SPLITOFF COVER SHEET, (P. 2)--ITEM 13f

A. ALL HU MEMBERS ARE FU MEMBERS

B. ONE OR MORE HU MEMBERS NOT FU MEMBER(S) BECAUSE:
   a. HAVE OWN COVER SHEET(S)
   b. LIVING WITH THIS FU ONLY TEMPORARILY
   c. OTHER (SPECIFY):
   INFORM R THAT THESE PERSONS ARE NOT TO BE INCLUDED IN INTERVIEW

A2. IF YOU ARE INTERVIEWING WIFE/"WIFE" FIRST, TURN TO J1e, P. 76 AND BEGIN INTERVIEW.

A2a. EXACT TIME NOW: 10:45 am

A3. Are you (HEAD) married, widowed, divorced, separated, or have you never been married?

1. MARRIED  3. WIDOWED  4. DIVORCED, ANNULLED  5. SEPARATED  2. NEVER MARRIED

A4. Do you live in a one-family house, a two-family house, an apartment, a mobile home, or what?

1. ONE­FAMILY  2. TWO­FAMILY; DUPLEX  3. APARTMENT  4. MOBILE HOME  7. OTHER (SPECIFY):

A5. How many rooms do you have (for your family) not counting bathrooms?

8 ROOMS (Head built on a family room last summer)

A6. How is your (home/apartment) heated--with gas, electricity, oil, or what? [CHECK ALL THAT APPLY]

01. GAS  02. ELECTRICITY  03. OIL  06. OIL  07. OTHER (SPECIFY): 08. DON'T KNOW

A7. There are government programs that give money to people to help them pay for heating their homes. Did you receive help with heating bills from any government program last winter (1984-85)?

1. YES  5. NO  2. TURN TO P.2, A9

A8. About how much did that amount to altogether? $_______  PER_______
SECTION A: MARITAL STATUS, HOUSING AND TRANSPORTATION

A1. This checkpoint helps coders and editors interpret the interview. Use the rules as described at TN4 for this checkpoint, too.

A2. If you are beginning the questionnaire with a Wife/"Wife" interview, go to page 76, item Jle. The Wife/"Wife" interview begins there.

The use of "you (HEAD)" is a convention in Family Economics. The (HEAD) is a parenthetical remark to remind you the question is about the HEAD. We do the same for WIFE. Do not read these words to the R. If a Wife is answering for her husband, refer to the husband.

A3. Please ask A3 of everyone, even if the answer seems obvious. If this question seems awkward, preface it with something, like "I have to ask all the questions in this questionnaire." We are interested in Head's legal status; this may not be the same as the current living situation. If you're interviewing a Head with no spouse in the FU who answers "Married," make a note of this and, if possible, find out the circumstances.

A5. Include only whole rooms (e.g., kitchens, bedrooms, dining rooms, living rooms, permanently enclosed sun porches, finished basement/attic rooms, or other rooms suitable for living purposes). Exclude rooms rented out to non-FU persons. Please let us know that you did so. If this FU is living with another FU, tell us how many rooms this FU uses and make a note in the margin that this number is for this FU only.

A6. We want the type of fuel used—answers such as "hot air" or "steam heat" are not sufficient—what fuel heats the steam or air? If more than one type of fuel is used, we want all types marked.

A7. These programs may be provided by state or local government agencies.

A8. Get the amount paid directly to utility companies on FU's behalf, and money given to any member of the FU by the government to help pay for heat. If R doesn't know exact amount, get an estimate. Do not include savings resulting from Senior Citizens rates, or help from nongovernment agencies (church, Salvation Army).
A9. Do you own the (home/apartment), pay rent, or what?

1. ANY PERSON OWNS OR IS BUYING
2. ANYONE ELSE OWNS OR IS BUYING
3. PERSONS PAY RENT
4. PERSONS NEITHER OWN NOR RENT

A10. Could you tell me what the present value of your (house/apartment/farm) is— I mean about how much would it bring if you sold it today?

$150,000 HOUSE VALUE

A11. Do you have a mortgage on this property?

1. YES: MORTGAGE, LAND CONTRACT, OR DEED OF TRUST
2. NO

A12. About how much is the remaining principal on this mortgage?

1st MORTGAGE $28,000
2nd MORTGAGE $2,700

A13. How many years have you been paying on it?

YEARS

A14. How much are your monthly mortgage payments?

$450

A15. About how many more years will you have to pay on it?

19

A16. Do you also have a second mortgage?

1. YES
2. NO

A17. Do your mortgage payments include property taxes?

1. YES
2. NO

A18. About how much are your total yearly property taxes, including city, county, and school taxes?

$1,000-2,000 PROPERTY TAX PER YEAR

(Well?) I guess it’s about $1,800.
A9. NOTE: The "you" in this question refers to anyone in the FU.

1. OWNS OR IS BUYING:

(a) If anyone in the FU OWNS the HU, then we count it as owning/buying. If an HU member who is not in the FU owns, find out what the FU does. They may be renting rooms from the owner, in which case the RENT sequence should be asked.

(b) If anyone in the FU IS BUYING the home by making payment on a mortgage, land contract, or deed of trust, mark "OWNS OR IS BUYING."

(c) If FU "both owns and rents," as in the case of a mobile home or condominium that has monthly fees for services and water, mark "OWNS OR IS BUYING."

5. PAYS RENT: We want only rent paid by this FU! If the FU gives one amount here which includes both room and board, ask R to estimate how much is for each.

8. NEITHER OWNS NOR RENTS: Some examples are:

(a) janitors, domestic servants, farm laborers, etc., who receive living quarters as part of their pay;

(b) people who live in houses or rooms provided rent-free as a gift from someone;

(c) people who have sold their house but have not yet moved at the time of the interview.

Note: Be aware of the importance of the FU. For example, if the interview is taken with a former Splitoff child who has returned to the parental home, the parents and the child are members of two separate family units (FU's). Thus, if the parents own the home and R pays them rent, we call R a renter. We want R's own rent that is paid to the parents.

A10. We want an estimate of what the family would get if the house were sold now, but not under forced-sale conditions. Include land value. For farmers or people with businesses in their homes, try to get a value for the house separate from the farm/business. If impossible, make a note that the value given includes a farm/business.
A9. Do you own the (home/apartment), pay rent, or what?

1. ANY RENTER OWNS OR IS BUYING
5. FU PAYS RENT
8. FU NEITHER OWNS NOR RENTS

A17. Do your mortgage payments include property taxes?

5. NO

A18. About how much are your total yearly property taxes, including city, county, and school taxes?

$ 1,000-2,000 PROPERTY TAX PER YEAR

(wc?) I guess it’s about $1,800.
A11. Mortgages, land contracts, and deeds of trust all get a YES answer here.

A12. Get the amount still owed on the principal, not the size of the payment or the number of remaining payments. Payments include interest and sometimes property taxes and insurance.

A13. This information combined with A15 information allows us to assign a value for A12. It is not necessary to ask A13 if the answer to A12 is known.

A14. The figure here should be the amount paid to the bank or mortgage company.

A15. Note that we are asking the number of years from now.

A16. A second mortgage may be called a land contract, deed of trust, etc.

A17. Sometimes the amount mentioned at A14 includes these taxes. If so, we'd like to find that out here.

A18. If these are included in mortgage or house payments, R may not know the exact answer. An approximate figure is acceptable. We want taxes paid on the PU's home and lot only, not on other properties owned.
A19. About how much did heat, electricity, and water cost you last year? [If R gives separate amounts, use the chart at right below.]

\[
\begin{align*}

A19. If R begins to give you separate amounts for the different utilities, use the lines provided here for separate utilities and enter the amounts, either by year or by average monthly payments. Please don't add these up; editors must do this totaling.

A20. If rent is paid irregularly on a "pay as I can" basis, obtain R's best estimate of an "average" month's rent. If the rate given is weekly or anything other than monthly, be sure you indicate what time period it is for.

A21. We mean completely furnished--chairs, tables, beds, etc.--not just stove and refrigerator. "Completely furnished" need not include bed linens, dishes, etc. If the HU is only partially furnished--a table or a couple of chairs--the answer is NO.

A22. We want to know if the FU makes separate payments to a utilities company, apart from rent payments.

A23. Possibly the FU pays for utilities separately now, but in 1984 didn't pay for any. In this case, just mark X on the "DID NOT PAY" box.

* A31. Why did you (HEAD) move? ____________________________

A25. Listen very carefully to R's answer and keep the idea of the FU in mind. If you discover that R lives with his/her mother and mother owns the house and is included in the FU, you should go back to ask the OWNS OR IS BUYING sequence.

A26. Rent for a comparable room, house or apartment, including whatever furnishings and utilities the landlord provides, is what we want here.

A27. See A22.

A28. See A23.

A29. This question refers only to the Head. If Head moved into this HU since the 1984 interview—regardless of whether or not the rest of the family did—the reply should be YES.

A32-34. It is very important to us to know if plans to move are definite or vague. The following are examples of acceptable replies for definite or probable moves: "I plan to move to take a better job." "We are going to move so that our children can attend better schools." "I might be transferred to a plant in Georgia." "There's a highway coming through, and this place will be torn down."

A35-36. Include cars not owned by the FU but provided for the exclusive use of the FU such as cars provided by Head's employer. Cars that the FU is leasing are not included in our definition of ownership. Do not include motorcycles, and do not include any cars or trucks that don't run. Make margin notes for any unusual situations.

A37. We want total mileage driven in all the family's cars and trucks in the previous 12-month period. Include mileage of trips to work.
A32. Do you think you (HEAD) might move in the next couple of years?

I may take a permanent job in another town, and if I do, family will move there.

A35. Do you (or anyone else in the family there) own a car or truck?

[NOTE ANY MENTION OF VEHICLES THAT DON'T RUN, ARE LEASED, OR ARE PROVIDED BY EMPLOYER]

1. YES
5. NO

We sold my mother-in-law's car.

A37. During the last year, about how many miles did you (and your family) drive in your [car(s) (and/or) truck(s)]?

Wife & Kids - About 110,000

SECTION B: EMPLOYMENT OF HEAD

Note: THE B THROUGH H SECTIONS APPLY TO THE HEAD OF THE FU EVEN IF YOUR RESPONDENT IS NOT THE HEAD. SECTIONS J THROUGH P MAKE UP THE WIFE/"WIFE" INTERVIEW AND APPLY TO HER. SECTION M APPLIES TO BOTH WIVES/"WIVES" AND FEMALE HEADS.

Bl-3. All the instructions for Sections B and C will crop up again in Sections J and K so be sure you are familiar with them. It is crucial that you get an accurate reply to Bl-B3 since this will determine whether you ask the B or C section for the Head.

1. HEAD IS WORKING NOW: This includes all Heads who have an employer (or are self-employed) and are currently working; that is, Head worked this (past) week. Include also those temporarily at home because they are sick, on vacation or sabbatical. Proceed with Section B.

2. HEAD IS ONLY TEMPORARILY LAID OFF: These Heads also have an employer (or are self-employed) and expect to return to their job in the near future. For example: a construction worker who has a job but isn't working because of bad weather; a factory worker who has been temporarily laid off, or is on strike; a female Head on maternity leave. Proceed with Section B.

3-8. HEAD IS LOOKING FOR WORK, UNEMPLOYED, RETIRED, PERMANENTLY DISABLED, KEEPING HOUSE OR A STUDENT, AND IS DOING SOME KIND OF WORK FOR MONEY NOW ("YES" TO QUESTION B3): Even if the Head calls him/herself unemployed, retired, disabled or any other non-work category, if they are doing any work for money, including part-time, "extra" jobs, at-home "side" jobs, etc., proceed to ask Section B.

HEAD IS LOOKING FOR WORK, UNEMPLOYED, RETIRED, PERMANENTLY DISABLED, KEEPING HOUSE OR A STUDENT, AND IS NOT DOING ANY WORK FOR MONEY NOW AT ALL ("NO" TO QUESTION B3): This includes all Heads who are not working now and do not have a job to which they expect to return, even if they are now actively looking for a job. For example--permanently laid off factory workers; people who have lost their jobs because of illness, injury or disability; full-time students without jobs; housewives; women who quit work (rather than took maternity leave) to have a baby; retired people. The important point is whether they are doing any work now (even if it's a part-time job for a
student or housewife). If they are doing no work now and have no job to return to, ask Section C.

If Head is working now, temporarily laid off, or looking for work/unemployed, check that box and only that box.

If Head is retired, disabled, keeping house, or student or combinations of these, you may check more than one choice in the group.

A housewife, student, or retiree who also has a part-time job would have only WORKING NOW checked and Section B would be asked.

B4. One needs to use caution so that farm workers or farmers (or ranchers) who work in a large operation do not get recorded as self-employed. Likewise, a lawyer, doctor, engineer, or other professional who may be an employee of a corporation of which he is president should not be recorded as self-employed. This extends to doctors who are full-time salaried staff at hospitals, who also see a few private patients outside normal working hours. There are inevitable cases where Head both works for someone else and is self-employed. Please mark "BOTH" and give us as many of the details as possible in B15-17, and in margin notes.

B7. We want to know the total number of employees in Head's business or corporation, not just the number Head may supervise.

B12. In order to fit the census occupation and industry classifications, we need to know whether Head works for the Federal, state, or local government.

B13. This is just for current (main) job. See the definition of a "main job" in the instructions for B15.

B14. We are not asking whether R belongs to any labor unions, only the one covering the current main job.
SECTION B: EMPLOYMENT OF HEAD

*B1. We would like to know about what you do—are you (HEAD) working now, looking for work, retired, keeping house, a student, or what?

3. LOOKING FOR WORK, UNEMPLOYED

2. NO   → GO TO B15

B14. Do you belong to that labor union?

1. YES
2. NO

B15. What is your (HEAD'S) main occupation? What sort of work do you do?

Carpenter—repair, remodel, construct buildings

B16. What are your most important activities or duties?

Build and remodel, renovate and repair buildings

B17. What kind of business or industry is that in?

Building trades (Note—Head works for various building contractors, gets job assignments from the carpenter's local union hall)
Bl5-16. The main occupation or main job is the job on which Head spends most time or, if Head spends an equal amount of time on two jobs, the one from which the most money is earned.

1. Probe for clear complete answers. We want to be able to distinguish among unskilled workers (such as laborers), semi-skilled workers (such as operators), and skilled workers (such as plumbers or electricians) as well as among various white-collar occupations. You may use focused probes to get the factual information that you need.

2. The type of place at which Head works is usually insufficient in response to the occupations questions (e.g., if Head "works in a bank," he/she may be the manager, a teller, or a janitor).

3. Job titles at the lower end of the occupational scale are likely to be less descriptive than they are for professionals, so probe for specifics of what Head does on the job (repeat Bl6 if necessary). For example, if someone says "engineer," that may mean Head: (a) designs bridges or airplanes; (b) operates a railroad locomotive; (c) tends an engine in a power plant, or (d) shovels coal into a furnace. We need more specific information than "engineer" here, so that a distinction between skilled, semi-skilled, and unskilled workers can be made. If Head is a road construction worker, she or he will be classified: (a) as a foreman if he or she supervises a road gang; (b) as an operative, if she or he operates a bulldozer; or (c) as a laborer, if he or she provides labor only.

4. Examples of specifics necessary at the other end of the occupational scale are: (a) whether a "nurse" is a registered nurse or a practical nurse; (b) whether a "teacher" teaches elementary, secondary, or college-level courses, and what type of school or college he/she teaches in.

5. Particularly unacceptable answers are: factory worker; construction worker; driver (of what?); teacher (type of school: level/grade?); engineer (what does Head do?); nurse (RN? LPN?); sailor (officer? enlisted man?); manager/supervisor (what kind of group does Head supervise?); sales (what does Head sell? retail or wholesale?); clerk (what does Head do?); mechanic/repair (what does Head repair?); apprentice (to what occupation?); inspector (of what?). In most cases one of the probes listed here will elicit sufficient information. If Head works
both for him/herself and for someone else, here are some examples where we want a full description: (a) Head works for a firm of which she/he owns a substantial portion; (b) Head sells on commission (e.g., selling insurance, real estate).

The type of business or industry is fitted into an industrial code and is sometimes vital in determining which code a particular occupation should have. For instance, a laborer or warehouse worker will do quite different kinds of things according to the associated industry type. Please remember: we don't want the name of the company for which Head works, but we do need to know what is done there; whether the company is a manufacturing or a selling enterprise; what kind of product is manufactured or sold; and whether a selling company sells retail or wholesale. Responses such as "auto assembly plant," "retail grocery store," "steel mill," or "insurance company" are quite acceptable. But responses such as "oil business," "shoe business" are not acceptable without further explanation. For sales especially, please find out whether Head is engaged in wholesale or retail trade, and what is sold.

The following clues will help you know what kinds of probes to use to get codeable information about occupation and industry.

1. When something is constructed is it: buildings? bridges? highways? etc.

3. If the Respondent is employed by the government, specify the department...Parks and Recreation, Sanitation, Bureau of Land Management, Department of Labor, etc.; and the level...federal, state or local?

5. Nurses: Registered nurse? Licensed practical nurse?

6. If a person operates a machine, please specify the kind of machine.

7. "Machinist" is a specialized occupation and is not the same thing as a machine operator. Be aware of this as many people use the terms interchangeably.

8. School level: specify grade for elementary and secondary teachers and subject if college level; and type of school...vocational? public? private?
9. Organizations: profit? nonprofit?

11. Canneries: specify the kind of food which is canned: fish? fruit? milk? etc.

12. Babysitter: is the babysitting done in the Respondent's own home or in someone else's home?

16. When Head's main job is in the Armed Forces, try to get Head's rank and what he/she does. If this is not possible, please try to find out whether the person is or was commissioned, non-commissioned or enlisted. Keep in mind that civilians are also employed by the Armed Forces.

17. Mining: ask the type of material mined: copper ore? borax? aluminum? gravel? crude oil? tin? petroleum? natural gas? etc. (Mining industries can also have wholesale and retail trade categories.)

18. Oil: ask R to specify the type of oil business. oil field company (extraction)? oil lease buyers? oil distributor? oil station (retail)? oil royalty dealer? oil storage tanks? etc.

19. Heavy equipment or heavy machinery: farm? construction?

22. If occupation is manager or supervisor, ask what the job duties are of the people Head supervises or manages (sales? data processing? etc.).
B18-25. We want current (1985) salary/wage and overtime rates, not 1984 rates.

B18. The OTHER category is for everything that is not strictly salary (with or without overtime) or strictly hourly. It includes such things as "salary plus commission," "piece work," "paid by the job," "hourly wage plus tips," or "self-employed." Just check the "other" box and describe the situation in B24.

B20. This should be NO if Head's income is a fixed weekly/monthly/annual amount which won't be increased no matter how many hours worked in a week/month/year. If Head is paid a fixed salary plus additional pay for overtime hours, the reply should be YES.

B23. The OTHER box is for extra/overtime hours that are paid in some non-consistent or non-standard way. For example: time and a half on week nights and double time on weekends; shift differentials; etc. Please explain in a note what the OTHER is.

B24. If R replies "salary plus commission," or any other arrangement, give us the details as fully as possible.

B25. We know that this may be a difficult question to answer, but try to wheedle an estimate from R.

B26-27. Here we want the total time it takes Head for a one-way trip from home to work (for the main job), including the actual travel time plus time waiting for buses, parking the car, etc. (door-to-door travel time). Be certain that R's answer is for one way only. If it takes a different amount of time to get to work than it does to get back home, record both answers. If Head does not work in the same place each day, try to get a daily average.

If Head is a traveling salesperson or a long-haul (cross-country) truck driver, for example, there will be no travel-to-work time since traveling is his/her job.

B28. If Head sometimes uses one mode of transportation and sometimes another, we want the one most frequently used. If Head commonly uses two means of transportation to get to work—for instance, Head drives to the train station and then takes the train—check both DRIVES and PUBLIC TRANSPORTATION. (These questions apply to Head's current main job.)

The phrase DRIVE WITH WIFE/FRIEND means sharing the car; one drops the other off on the way to work. If Head has no car but rides with someone else to work, this should be OTHER (SPECIFY).

B29-31. From these three questions we want some idea of how much formal and/or on the job training a person would need to perform a job like the Head's. B29 is for in-school education, such as high school, some college, a PhD, etc. "None" is an acceptable response here. B30 is for apprenticeships, on-job training, vocational school, or some special skill like typing.

B32. A "new job" can mean a different position with the same employer, a different employer, or plans for self-employment. We are talking about leaving the main job Head has now to get something else.
B26. About how much time does it take you (HEAD) to get to work (at your present job) each day, door to door?

- HOURS ONE WAY
- MINUTES ONE WAY
- NONE

B27. About how many miles is it to where you work?

- MILES ONE WAY

B28. Do you use public transportation to get to work, (drive with your wife/ friend,) have a car pool, drive by yourself, walk, or what?

- PUBLIC TRANSPORTATION
- DRIVE WITH WIFE/FRIEND
- CAR POOL
- DRIVE BY SELF
- WALK

- OTHER (SPECIFY): get a ride in the boss's van.

B29. How much formal education is required these days to get a job like yours?

- High school diploma

B30. Is it (also) necessary to have some work experience or special training to get a job like yours (HEAD'S)?

- YES
- 3-year master carpenter apprenticeship
- 5. NO

B31. On a job like yours, how long would it take the average new person to become fully trained and qualified?

- WEEKS
- MONTHS
- YEARS

B32. Have you (HEAD) been thinking about getting a new job, or will you keep the job you have now?

- THINKING ABOUT GETTING A NEW JOB
- KEEP JOB HAVE NOW

- TURN TO P. 10, B34

B33. Have you been doing anything in particular about it?

- YES
- NO
B35. By employer, we mean company, not a specific boss.

B36. Present position includes any job change: within a company (promotion or lateral transfer) as well as changing companies. Please get as precise a date as possible. The terms "position" and "work situation" are both included to make these questions less awkward for self-employed Heads. If Head has not had any job changes since January 1, 1984, you skip the work history sequence and go to B57.

B36-89. These questions date the Head's work history and job changes, both of employer and of position within a firm, from the present back through January 1984. With the WORK HISTORY SUPPLEMENTS, if needed, this section should give us a clear record of what Head has done since January 1984. BE WATCHFUL FOR INCOMPLETE OR CONTRADICTORY INFORMATION IN THIS SECTION, and if it occurs, please clear it up with the Head. Examples: Head says she worked for employer X from March-May 1984, then later reports 5 weeks unemployment in April 1984; or Head says he was unemployed January-August 1984, then later tells you he had an "extra" job June-October 1984 (when an "extra" job is the only one a person has, it becomes their "main" job, for this study, until they get another job or stop working. The only exception to this rule is when someone has an extra job during temporary lay-off from main job--see example at B69-71); or Head says she was unemployed July-November 1984, then later tells you she had a total of 10 weeks unemployment in 1984 (what happened to the rest of the weeks between July and November?). As much detail, and margin notes, as you can give here will be very helpful. The work history and work history supplements should be about MAIN jobs only.

B37. Sometimes temporary jobs can turn into full-time regular positions. Several years' worth of asking this question will allow us to see how often that happens.

B38. Make sure to specify the unit of time--per hour, per week, etc.

B39. This amount should be an average for the time when Head first began the position or work situation.

B40. "Choosing one's present position over something else" can include getting promoted.

B41. Here we want Head's labor force status just before the last job she/he has told us about. We are asking if Head had any time off between jobs, went right from one job to another, got laid off and returned to same job, never worked before, or what Head did just before the last reported job change took place. Note that "NO PREVIOUS JOB" means Head never worked at all before.

B42-43. These tell us whether any employment occurred before, or if Head is now working on his or her first job, and allow us to note any change in employer that occurred.

B44. We have mentioned negative alternatives to make it easier for Heads who have been laid off or fired to talk about it, but positive answers (like "I quit to take a better job") are welcome.

B45. If the date here isn't very close to the date given in B36, Head should have had some time off between jobs, reported at B41. If necessary, ask B41 again, pointing out any missing time period. TURN TO ADDITIONAL PINK WORK HISTORY SUPPLEMENT
THIS IS A BLANK PAGE!
The focus here is on the main job (or consecutive main jobs) held in calendar year 1984. Extra jobs are asked about later, but remember, anytime Head has only an "extra" or part-time job, that job becomes the "main" job until Head stops working or gets another "main" job. The only exception is for people on temporary lay-off who return to the same main job. See B69-71 for an example. If Head did not work at all in 1984, it is still possible that some time was spent being unemployed and looking for work, some time on vacation and/or some time staying home and not looking for work.

We need as much information as you can get on this series, so focused probing is acceptable. We do not need a day-to-day accounting of R's time, but try to give a telling picture of how Head spent the 52 weeks in 1984. Write margin notes for any unusual or complex situations.

To insure that the weeks listed add up to 52 weeks or 12 months, we have provided a column for you to total the weeks, and a conversion table to help you put all the responses in weeks or months. The right column is for your conversions and calculations only, not for what R says (which is to be written below each question where indicated). Additionally, ask when these events occurred. (These questions were sometimes overlooked last year.) We have noticed in the past that many R's can give exact dates. If your R can, we're delighted!

"Someone else" means anyone else, not just FU members. Include paid and unpaid sick leave or funeral time. Actual dates are not asked for here because days here and there probably won't be remembered. However, if R can volunteer such information, great!

Again, we don't ask for dates for the occasional flu. If Head missed a month or more, however, please get as specific information as you can.

Include paid and unpaid holidays, vacation time, etc. Teachers who are off for the summer should count that time here (as vacation). "Maternity leave" and various other temporary, voluntary leaves of absence also belong here. From this point through B75, please get as specific dates as possible.

B69-71. If temporary lay-off coincides with a main job, explain in the margin.

For example: Head has worked at a brick factory for 12 years. A fire closes the plant for two months and Head takes a job at Burger King for part or all of those two months. When the brick plant reopens, Head returns to his job at the brick plant. Burger King work time would appear in the extra job questions B79-86 and the 2 months would be listed here at B69 as unemployment time. However, if Head did not return to the brick plant, but took a new job at a laundromat, all three jobs (Brick, Burger King, and Laundry) would be considered "main jobs."

Also, Head can take vacation time while unemployed (i.e., vacation from job-hunting). If Head is out of work and reports vacation time, just record this information with any pertinent margin notes.

B72-74. These questions attempt to get those periods of time when Head was neither employed nor looking for work.

B75. Enter here total number of weeks actually worked in 1984, or mark the "ALL THE REST" box if R says this.

Note: If the B57-75 series does not total 52 weeks or 12 months, check back over these questions with R to find out why. If there are blocks of time that don't seem to fit any of the categories, give us the number of weeks or months and a description of what Head was doing during each such period. Some examples: "in school," "had a baby" (no previous mention of maternity leave), "traveling in Europe before looking for a job," "housewife," "retired," etc.

B76. If Head changed main jobs in 1984, we want either the average total amount of time worked per week on all main jobs, or we need a job-by-job breakdown (number of weeks worked and hours per week for each job).

B77-78. Be careful not to double count any overtime hours already accounted for in B76 (average number of hours worked each week). We want the total annual overtime hours in 1984, whether or not Head was paid for the time.

(Note: Head laid off from state job 9/28/84- said he wasn't likely to be called back to work- signed up with carpenters union for contract jobs, and sent on first union job 11/19/84.)
This sequence refers to extra jobs held simultaneously with the main job, not to main job(s) held before Head's current job. And, again, a job can't be "extra" unless there's a main job held at the same time. "Other way of making money" means income produced by working.

If Head worked at a number of irregular jobs in 1984, there may not be a clear distinction between "main" job(s) and "extra" job(s). In this case, this series of questions still allows us to get more complete information on the kind(s) of work Head does. We're interested in any job(s) that brings in extra income; examples include small business conducted from home, night watchman, real estate management, other things involving work and income for Head. If R tells you about time spent and money made on illegal activities such as gambling or bootlegging, that is acceptable.

For some Rs this section may take some time, going through each job, but we need to know each source of work income Head had during the past year. Use extra paper if necessary.

Please probe for specific detail on these two questions, so we get enough information to code the occupation. Follow the same general rules that you used for probing occupation/industry on B15-17. For example, "sold cosmetics" or "repaired cars" doesn't tell us enough; did Head sell cosmetics from home, in a store, door-to-door? Did Head repair cars in the backyard, at a service station, at a car dealer? Use margin notes if necessary to help us get a definite handle on what and where Head's extra job was.

Be sure to record the unit of time (per hour, week, all year, etc.). For small business: if R asks, we want dollars before taxes and after expenses--this is net income.

This is the number of calendar weeks in 1984 during which Head did any work on his extra job(s). Getting the dates at B84 will tell us if these jobs overlap with spells of lay-off on the main job.

This is average hours per week for the weeks Head worked an extra job. Occasionally Head will be unable to break down the time into weeks and hours per week (e.g., "Oh, I just worked on it when I had time"). In such cases, get an estimate of the total number of hours spent on that job during 1984.
Did you (HEAD) have an extra job or other way of making money in addition to your main job in 1984?

B87-89. Part of the work history involves getting information about how Head spent time this year up until the actual time of the interview. Here we want the amount of time spent unemployed and looking for work in 1985. See QxQ's for B69-71.

B90-92. See the QxQ's for B72-74. If the dates given here are the same as any given in B87-89, probe to find out if Head was actually looking for work.

A YES answer should be restricted to definite, positive answers. If R responds, "Maybe," "never thought about it," "I don't know," classify these responses as NO answers. For those who say YES, but are not paid for extra work (salaried workers), mark YES for Bl03 and $0 for Bl04.

This figure will not necessarily be Head's usual hourly wage. It might be high-paid overtime or low-paid work on an extra job. All jobs should be included here; mark down the rate for each in the margin if Head could have worked at several jobs with different rates. "Same," "Time and a half" or "Double-time" are not acceptable; get a dollar amount.

"Work less" means fewer hours with a consequent reduction in pay. It does not refer to taking it easy on the job.

This means number of years in which any work was done, not total work time. For instance, if New Head worked 2 months in 1982 and 6 months in 1984, that is 2 years worked. Count time in the armed services as work years.

35 hours or more per week is full-time.

We need enough information to calculate what proportion of full-time, year-around work Head did. Thus, for each year Head didn't work full-time (Bl10 minus Bl11) we need to know:

1) how much of the year he/she worked (all year, summer, 6 months, 3 weeks, etc.), and
2) whether it was full-time, half-time, 30 hours/week, 3 hours/day, etc.

C1-8. These questions tell us whether Head is out of work by choice or because unable to get a job, and also Head's future plans for working--if Head has looked for work in the last 4 weeks (YES to C1), ask C2-6. If NO to C1, ask C7-8.

C3. A specific occupation such as "truck driver," "maid," "keypunch operator," is needed here, as in earlier questions on occupation. If Head is desperate for work and says, for example, "anything I can get," probe for job preference.

C4. If R mentions any specific training, check YES. Do not probe vague answers except to determine whether the accurate response is YES, NO, or DON'T KNOW.

C5. If R says "minimum wage," ask for a dollar amount.

C9-16. This series tells us whether Head has ever been in the labor force, and whether worked or looked for work since January 1984. If Head did any work since January 1, 1984, we need to get her/his work history for 1984-85. Get as complete and specific dates as possible.

SECTION D: MARRIAGE HISTORY OF HEAD

In this section we want a complete marriage history for Head. See A3 for Head's marital status--if NEVER MARRIED, mark checkpoint D1 and go to Section E. If Head has ever been married, proceed with Section D. You will use here, for the first time in the questionnaire, the pad of sticky-back yellow peel-off labels. These are being used to protect the confidentiality of families--since we ask for names in this section, and in the children sections. The names will be written on the sticky labels, and then removed from the questionnaires when they are received in Ann Arbor. Never write a name directly onto the questionnaire--lay out a supply of yellow labels before you begin this section, and write spouse names on the labels, one name per label, as you go through the marriage history. Put each label into the questionnaire in the boxes provided. If the Respondent questions the fact that you are asking for names during the interview, which we have never done before, please explain that the names are being written on removable labels and will be separated from the questionnaire; reassure Respondents that their privacy will be protected. We ask names only to help us get straight the family relationships between people in the study. If Respondent gives you only a first name, accept that and don't ask for the last name.

D1-8. This asks the total number of marriages, and details on the first marriage for Heads who've married more than once. The marriage history proceeds from first marriage to most recent (or present) marriage. Get month and year for the dates when marriages start and end.

D9. Be attentive to this and other checkpoints in this section, as they send you to MARRIAGE HISTORY SUPPLEMENT (yellow color), for people married more than three times, and let you know, after each marriage Respondent discusses, whether there are more marriages to ask about. Refer to D2 for total number of marriages.

D10-15. These questions repeat D3-8, for Head's second marriage; the MARRIAGE HISTORY SUPPLEMENT has the same questions for Head's additional marriages. The section concludes with questions about Head's most recent marriage; the most recent marriage, no matter how many marriages Head had, is always recorded in D17-22.

SECTION E: CHILDREN OF MALE HEAD

El. We ask now about all children a male Head has ever had born to him (El-43); then all children he has legally adopted (E60-85); and finally all children he has raised or had responsibility for, for at least a year's time, such as stepchildren, grandchildren, children of friends, etc. (E86-114). If the Head is female, she'll be asked these questions in Section M—mark checkpoint El and go to Section F. Note that we do not ask married male Head about children born to him and his present legal Wife—we will ask the Wife about those children; but we do ask both Head and Wife about children they have adopted or raised, either together or independently.

Again in this section we record names, so prepare a supply of sticky yellow labels on which to write children's names as Head gives them to you (one name to a label), and transfer these labels into the boxes provided in the questionnaire as you begin the series of questions about each child. As with the names asked for spouses, these labels will be removed from the questionnaires when they reach Ann Arbor. If needed, reassure Respondents that we will protect their privacy. We are asking for names only to help us clarify family relationships among the panel members. If Respondent gives you only a first name, do not ask for a last name.

E2. These are only children born to male Head—don't include adopted or stepchildren. If Head has had more than 3 children, enter the total number in OTHER.

E3-10. The checkpoint and questions here skip you out of asking male Head about children born to him and his present Wife, if he has one.

El1-13. Write the names of children born to male Head and someone other than his present Wife, if he has one, on the sticky labels, one child's name per label. Take down the children's names in whatever order the Respondent gives them—they don't have to be in birthdate order or age order.

TURN TO P. 35, E14
El4. Disregard the "68 ID" and "PN" boxes at the top of this page and throughout this section--these boxes are for Ann Arbor editors to fill out. With El4, we begin asking Head about the first child he mentions who was born to him with someone other than his present Wife. Put the sticky label with that child's name in the OWN CHILD #1 box.

El6. Five and a half pounds is considered the lower boundary of full-term babies' birth weight, and this information is used in health research.

El7-19. We want to know where this child resides now, or if deceased. "Set up a separate household" means child is living in a home of his or her own, including children who are married and living with a spouse. The OTHER box is for children who are not living in the FU with Head, other relative, in their own home, or deceased--for example, children away at college, in the armed services, institutionalized. Please specify where these children are.

E20. If male Head has had more than one child born to him with someone other than present Wife, proceed to ask about the second such child mentioned by Respondent.

E21-27. Second child born to male Head without present Wife--see El4-20.

E28-34. Third reported child born to male Head without present Wife--see El4-20. If Head had more than 3 children with someone other than present Wife, E34 directs you to the MALE HEAD'S OWN CHILD SUPPLEMENT (green color). Use this supplement, attaching yellow labels with child's name, in the box on the supplement, for each additional child Head had with someone other than present Wife.

E35. Mark the box in the lefthand column to indicate the total number of children ever born to Head (see E2); if more than 3, enter the total number in OTHER.

E36-43. These questions are an attempt to get some measure of how much people plan the children they have. If Head has more than one child, we ask first about the last child born to him, then about the child born second to last, and finally about the first child born to him. These questions get asked of all Heads who've had children, whether or not they presently have Wives.

E44. If there's a Wife/"Wife" in the Family Unit, check the FU listing, page 2 of the Cover Sheet, to get Wife/"Wife"'s age.

E46-49. Here we ask about Head's plans for having additional children. If Head tells you something like "it's up to God," or "whatever comes along," at E47/49, just write his response in the questionnaire.

E50-51. We're asking about fertility problems here, and E51 means when did Head first experience a problem conceiving a child. These are sensitive questions for many people, please don't probe if Respondent is uncomfortable.

E52-59. This series is for male Heads who've never had any children. See E44-51.

E60-85. This series concerns children legally adopted by Head, with or without his present Wife. Again, take the adopted children in whatever order Head lists them. Ask first about the first mentioned adopted child, then the second mentioned adopted child, and so on. See El-20 for Q by Q's, but note that the ADOPTED CHILD SUPPLEMENT, for Heads with more than 3 adopted children, is gold colored.

E86-114. Now we ask about children Head has raised or had responsibility for, for at least a year's time. See El-20, and note that the RAISED CHILD SUPPLEMENT, for Heads who've raised more than 3 children not their own, is ivory colored. E97--if there were more than two separate periods of time when Head was raising a child, note the additional time periods in the margin.

Note: We match the work sections with the income section for both Head and Wife/"Wife." Any money listed in F3-24 and F52 must be accompanied by corresponding work hours in Section B/C for Head and Section J/K for Wife/"Wife."

If either Head or Wife/"Wife" reports working during 1984 in the employment sections, there must be income from those hours in Section F.

Amounts asked for in Section F should be before taxes.

F2. You will know from Bl5-16 whether Head's occupation is farmer or rancher. We consider "rancher" and "farmer" synonymous terms. If Wife/"Wife" helped out on the farm, we should get her work hours in Section J/K when you interview her.

F3. Included here as receipts from normal farm operations are:
   a) money from sale of cash crops;
   b) receipts from sale of livestock, dairy products, poultry, eggs, fruits, and vegetables;
   c) soil bank payments;
   d) receipts from commodity credit loans which count as income because they guarantee that the farmer will receive a set price for the crop.

Do not include as farming receipts:
   a) money from sale of land;
   b) rent from tenant farmers;
   c) crop loans (not considered income).

F4. Farm operating expenses may include:
   a) expenses for feed, seed, lime, fertilizer, insurance, fuel, tires, repairs to trucks and farm machinery, rent for machinery, crop storage, irrigation water, ginning, veterinary expenses, etc.;
   b) livestock purchases;
   c) wages for employees;

SECTION F: INCOME

F1. To get an accurate financial picture of people all over the country, we need to know the income of all the families that we interview.

F2. INTERVIEWER CHECKPOINT

SEE B15 AND B16, (P. 7) -- PRESENT OCCUPATION

1. HEAD IS A FARMER OR RANCHER
   X 5. ALL OTHERS -- GO TO F6

F3. What were your total receipts from farming in 1984, including soil bank payments and commodity credit loans? $__________ A

F4. What were your total operating expenses, not counting living expenses? $__________ E

F5. That left you a net income from farming of? (A - B =) $__________ C

F6. Did you (or anyone else in the family there) own a business at any time in 1984 or have a financial interest in any business enterprise?

1. YES
   X 5. NO -- TURN TO P. 49, F12

F7. What kind of business was that? Selling Amway products

F8. Who in the family owned that? My wife does it

F9. Did (you/he/she/they) put in any work time for this business in 1984?

1. YES -- THESE WORK HOURS MUST BE REPORTED!
   X 5. NO

F10. Was it a corporation or an unincorporated business, or did (you/he/she/they) have an interest in both kinds?

1. CORPORATION
   X 2. UNINCORPORATED
   3. BOTH
   8. DON'T KNOW

TURN TO P. 49, F12

F11. How much was (your/his/her/their) share of the total income from the business in 1984 -- that is, the amount (you/he/she/they) took out plus any profit left in?

$ 6,500 IN 1984
F5. Farm income equals total receipts (see F3) minus operating expenses (see F4). Do the subtraction and then ask F5, to discover omissions and correct any errors on the spot.

F6-8. We do not want to include stock ownership in the answer to this question! These questions refer to anyone in the FU who had income from a business. Get detail on what the business is and specify who in the family owns it.

F9. This question is crucial. If the Head put in work time, these hours should be reported in sections B/C. For the Wife/"Wife," get any work hours she put in when you do Sections J/K.

F10. If R doesn't understand question, check DON'T KNOW. If some FU member has partnership or partial interest in a business, but doesn't know whether the business is incorporated or not, make a margin note giving what information you can.

F11. The amount given here is before income taxes, but after expenses, if any, have been deducted. If part of this amount is counted as Head's salary and another part as profit from the business, give us both sums separately here and tell us which is which.

If the Wife/"Wife" or other FU member is paid wages or salary by the unincorporated business, that should also be spelled out if it is included here.

If only the total amount is known, but not directly related to each person in the FU, write in the total amount and who received it.
FL2. Ask even if Head is retired. Here is where we can catch small amounts from part-time jobs for such Heads.

FL3. This question applies only to current Head of the FU. For most wage-earners this is the income reported on the W2 form(s). It should include income from extra jobs if Head had one. Be careful of the following:
   (a) fixed salary rates: If Head now makes $10,000 a year, this doesn't necessarily mean that he/she made $10,000 in 1984. Head may, for example, have had a raise in September or started work after graduating from college in June. We want total 1984 wages/salary, not the current salary rate.
   (b) complicated work history: If Head had several jobs and was unemployed during part of the year, remind her/him of the several jobs and get total income from all 1984 wages.
   (c) self-employed Heads: The wages and salaries that unincorporated business people pay themselves should not be listed here; this should be recorded at FL1. However, wages from some other job should be included at FL3.

Make sure if an amount is given for both FL1 and FL3 that it is not the same money recorded twice.

FL4-15. Note the phrase "in addition to this." If Head has already included some or all of the income from these sources in FL3, it should not be included here.

FL6-17. Those whose source of income is commissions only, for example, report their earnings here.

FL8a. PROFESSIONAL PRACTICE: Self-employed doctors, lawyers, CPAs, etc. are examples. Income from consulting for a business firm or government should be included here.

TRADE: Self-employed plumbers, etc. are examples. A carpenter may receive wages from a construction company and also do independent work in the evenings; the evening work should be included here. Income already included at FL1 or FL3 should not be included here. Income before income taxes but after expenses is what we need here.

FL8b. FARMING or MARKET GARDENING: If farming is Head's primary occupation, the income should go at F3-5 and not be repeated here; but if the Head's main job is not farming, you should include the amount from farming (as an extra job) here.

1) A ROOMER OR BOARDER MUST BE A NON-FU MEMBER;
2) SOMEONE IN THIS FU MUST DO WORK FOR THIS MONEY; AND
3) THESE WORK HOURS MUST BE REPORTED.

THESE WORK HOURS MUST BE REPORTED!
**F18c. ROOMERS OR BOARDERS:** Basically this is money paid by non-FU members who live and/or eat with the FU.

We want net income here, i.e. the money received minus expenses. However, if R cannot separate out the food costs, tell us the age and sex of the boarder(s) and we will do some figuring.

Stress "roomers" or "boarders" in the question to indicate the source of the income.

There is, presumably, some work involved in having roomers and/or boarders so if there is income reported in response to this question there should be work hours mentioned in Section B/C. If there has been no work mentioned, you are probably dealing with "rent income" which is asked after this in F25a.

**NOTE:** Money paid for rent, room or board by an FU member is not included as income here. However, a former Splitoff who has returned home is considered a separate FU, so the amount he pays his parents for room and board (if any) would be recorded in F19c or F25a on the parents' interview.

**F19-21.** At F19, it is very important to tell us whether the amounts given are weekly, monthly, quarterly, annually, or what.

For income received on an annual basis (such as a retainer payment of $100 per year) we have no problem. Otherwise, we need something like "$50 per month from January through June," "$25 per week for the whole year," "$10 per month for August and September," etc.

At F21 is a reminder to you to get work hours in Section B/C for any income reported here—don’t read this question to Respondent.

F22-24. This sequence is to help you make sure that IF Head had work hours on extra jobs, we get the income from them.

F25. Income from dividends, interest and rent are usually received by Head and Wife jointly. If they are, please include the total here rather than in the Wife's income questions; specify joint income in a margin note.

F25a. RENT: Head may own real estate that is rented to others. The income should be net, i.e., after expenses are deducted but before income taxes.

Once again, here is the place to report money paid to the Head or Wife/"Wife" by nonFU members who are in the HU, when the Head or Wife/"Wife" cannot report work hours for the money. Usually, rent payments by a former Splitoff who has his/her own Cover Sheet (and who lives in the HU) should be reported here.

F25b. DIVIDENDS: Dividends are the amounts paid to people who own stock in corporations.

If Head owns a small incorporated business, he/she may have taken profits out of the business by paying a dividend to him/herself on common stock. These dividends, and also income received on any other stocks Head owns, belong here.

"Dividends" on insurance policies are not income and should not be included.

INTEREST: Receipts here should include interest from all kinds of savings accounts, income from government and corporate bonds, interest on mortgages owned (not those Head is paying on), as well as interest received on personal loans made.

TRUST FUNDS: A trust fund is money invested by a person or group of persons for another person known as a beneficiary. If Head is a beneficiary, these payments belong here.

F26-27. Be sure to specify both the unit of time, and the months, quarters, or whatever, when income was received.

ADC (Aid to Dependent Children) covers needy mothers with young children and no husband.

AFDC (Aid to Families with Dependent Children) covers families where the father is present in the household but not working.

You should read ADC and AFDC to Rs, even though they are in uppercase letters. We are very interested in getting a good estimate of this form of welfare, as distinct from other types of welfare. If the family is covered by a number of programs, make sure the dollar amount for ADC/AFDC is separate from all other forms of public assistance.

SUPPLEMENTAL SECURITY INCOME (gold/tan/yellow checks): Three categories formerly covered separately are now included in Supplemental Security Income; these are OAA (Old Age Assistance), AB (Aid to the Blind), and APTD (Aid to the Permanently and Totally Disabled).

OTHER WELFARE covers general assistance usually funded by state and local governments. This is a catchall covering the needy who are not eligible for the "categorical" welfare programs asked about at F28a-b. If Head and Wife/"Wife" receive the "other" welfare jointly, include it here rather than in the Wife/"Wife" income questions, and explain in a margin note that it is joint income.

F31-32. SOCIAL SECURITY: We want Social Security information about all FU members here, to help us avoid double-counting of survivor benefits.

F33-34. Generally, there are three types of regular Social Security benefits, not counting Medicare:
   1) Benefits for those 65 or older who are "insured" and retired. Such benefits are paid to anyone who has paid Social Security tax for a specified time period.
   2) Workers 50 or older who become disabled, as well as certain groups of disabled children, are eligible for disability benefits.
   3) Survivor benefits are paid to widows or widowers whose spouses were covered. Unmarried children under 18 and/or full-time students also get a stipend, usually paid to the parents or guardians.

F35. Here again, we are interested in when payments started and/or stopped.

F37-39. VETERANS PENSIONS: There are various armed service benefits and state and federal government pensions for ex-military personnel and their families.

   1) Disability pension: for a permanent injury received in military service.
   2) Retired service pension: an officer or enlisted person is eligible for such a pension after 20 years' service.
   3) Widow's or survivor's pension: paid to the Wife or husband and dependents of a deceased enlisted person.
   4) GI Bill payments: may be for school tuition or student living expenses, grants to help buy a home or start a business.

F44e. HELP FROM RELATIVES: Include money from family members who are notFU members. Be sure this amount isn't double-counted with rent received from former Splitoff children.

F44f. ANYTHING ELSE (SPECIFY):

2. Illegal Sources of Income: Record here if R mentions. If you can get them, any work hours involved would be greatly appreciated!

4. Family allotments: Dependents of armed services personnel on active duty receive allotments from the government. If R tells you her daughter or husband is in the service, be alert for income here.

5. Government grants of any kind: Be sure this income has not already been reported. Don't include tax refunds, or GI Bill payments (see F37-39).

THIS IS A BLANK PAGE!
The 1984 Other FU Member section seems to cause interviewers the MOST TROUBLE every year.

We need this information for each and every eligible 1984 Other FU member, including people who no longer live in the FU and regardless of income. We send the interview back to you for completion or have to recontact the Respondent if you have not obtained Other FU Member information for every eligible person in an FU.

TO PRE-EDIT

For Reinterview Cover Sheets (lavender)
Before the interview, enter in the "1984 Other FU Member Grid" the relationship to Head of all FU Members 16 or older (except current Head/Wife/"Wife"), from the FU listing label on page 2 of the Cover Sheet. Estimate each person's age, based on information from the 1984 Cover Sheet, and enter the Person Number, as well.

For Splitoff Cover Sheets (grey)
Pre-editing is impossible for Splitoffs, because the family listing can't be obtained until you begin the interview.

NOTE: Additional 1984 Other FU Member forms (blue) are provided in case there are more than three such persons in the FU. Be sure to put the 68-84 ID number in the boxes provided, along with other requested information. When you have completed the supplement(s), tuck them inside the completed questionnaire.

TO UPDATE

F64-70. Correctly checking this sequence should tell you whether or not you need to add anyone to the F71 grid during the interview.

F71. For Splitoffs, you must enter into the grid during the interview all FU members age 16 or older except Head and Wife/"Wife." We want last year's income for these FU members even if they were not living together during 1984. Be very careful about "Wives" vs. "Girlfriends" here--very seldom have a girlfriend and Head been living together for a year or more. Therefore, almost always she is a "Girlfriend," not a "Wife," and should be entered in the Grid here.
F73-90. Regarding "1984 Other FU Member" information: if R really doesn't know and the 1984 Other FU Member's income is significant, try to get this information from the Other FU Member him/herself, or from someone else in the FU. BUT don't hold up interviews because of spotty Other FU Member information. Try to get the information within a few days of the main interview.

F76-82. If this person's employment was irregular, try to get as much information as you can about each job in 1984.

F77. We use occupation to help us assign missing income data; be as specific as possible.

F78. List total income from each job here. If R gives you a per month or per week rate, record the unit of time.

F79. This figure should be the number of weeks in which any work was done.

F81. If employment was irregular and R can't give hours per week, try to get an estimate of the total number of hours worked in 1984 at that job.

F83-87. "Income" refers to amounts in addition to and not including labor income; all income from work should be included at F78.

Retired or disabled adults may have income from pension plans or Supplemental Security Income (SSI). If they received Social Security, it must be listed in F31-35.

If R mentions "welfare," ask whether the welfare is ADC, AFDC, or some other kind. GET THE EXPLICIT SOURCE WHENEVER POSSIBLE. Income from interest, dividends, and trust funds should also be included here.

F88. This should be asked for each Other FU Member even if they had a full time job in 1984, and regardless of age.

F90. Also asked about every 1984 Other FU Member.

F92-98. Note these questions are only for children 15 and younger who lived in the FU in 1984. This section is important for gathering information about any child who might have received income. Sometimes children make money doing odd jobs, have trust funds, a paper route, do babysitting, etc.

F99-100. This applies to anyone in the FU, and any kind of income not already covered. If you are not sure whether a sum belongs here, please specify the source in the margin. (Example: R sold his cottage.)

F101. There are two ways of deducting expenses for federal income tax.

1) the standard deduction ($2300 for single, $4600 for married) is an amount allowed taxpayers automatically for expenses. Those who file forms 1040EZ or 1040A use the standard deduction.

2) itemized deductions are used when taxpayer expenses exceed the standard deduction amount. Persons who are buying their own homes e.g., usually itemize, since the amount of interest paid is probably greater than the standard deduction.

F102-113. We want to know if Head contributed in 1984 to the support of anyone not living in the FU when the support was paid, such as: payments to grown children living away from home; to other relatives or friends; to minor children living elsewhere; to ex-spouses, etc. We ask Heads to itemize only the amounts paid for child support (F107) and alimony (F109).

THIS IS A BLANK PAGE!
SECTION G: BACKGROUND AND EDUCATION OF HEAD

G1. See page 2 of Reinterview Cover Sheets to check if the FU has a New Head. A New Head is anyone who is Head now but who wasn't prelisted as Head on the FU label, page 2 of the Cover Sheet. ASK G2-17 FOR ALL HEADS NEW THIS YEAR EVEN IF THEY HAVE BEEN HEADS SOMETIME BEFORE. For instance: a 1968 female Head marries in 1970 and becomes Wife, then she is divorced in 1984 and by the time of the 1985 IW she becomes Head again. Ask the New Head questions (G2-17) about her.

ALL SPLITOFF FAMILIES (GREY COVER SHEET) ARE CONSIDERED TO HAVE A NEW HEAD.

G2-3. If New Head had numerous guardians other than parents while growing up, ask about those with whom New Head lived longest. Note we want the state and county where New Head's mother and father (or guardian) grew up. ACCEPT MOTHER/FATHER SUBSTITUTE means if Head was raised by anyone other than a parent, ask these questions about the man and/or woman who raised Head, and explain the situation in a margin note.

G4-5. Probe to get as clear a picture as possible of the occupation (see B15).

G6. We are interested in the similarity of occupations the New Head has had. That is, has New Head mostly worked in the same profession (construction, teacher, clerical, nursing, etc.) or held a number of diverse professions? These occupations should include things at which the New Head worked full time, not part-time jobs held during high school, etc. This question applies regardless of whether or not New Head was in the labor force continually.

G6. Have you had a number of different kinds of jobs, or have you mostly worked in the same occupation you started in, or what?
G7. "Grow up" refers roughly to the ages of 6 to 16. If R mentions several places, say we want the place where the most years between ages 6 and 16 were spent.

G8-9. We want the name of the county, but if R doesn't know it, ask for the nearest town; be sure to find out the name of the state in any case. If New Head grew up outside the U.S., ask for the name of the country.

G11-12. There are two key phrases here. "Moved out of a community where you were living" means moving far enough to be out of easy contact. This may be a move to the other side of a city or across the country.

"In order to take a job somewhere else" means just that. We are not interested in moves made if New Head did not change jobs at the same time. Moving to take a different position with the same company does count.

G13. We want R's subjective estimate. If the New Head was not living with parents, then the question applies to the family in which he/she grew up. "Poor," "average," etc. are acceptable answers.

G14-15. If Head did not have a father, ask these questions about the male who was stepfather or guardian, if any. If R can't remember a male Head of family while the New Head was growing up, write "No father" in G14 and skip G15.

G18-29. We're asking about Head's natural and/or stepbrothers and sisters, not brother/sister substitutes (like cousins, adopted sisters or brothers).
G7. Did you (NEW HEAD) grow up on a farm, in a small town, in a large city, or what?

G30. This means did Head live with both mother and father, rather than just mother, just father, or anyone else.

G31. If R says YES and doesn't specify a Hispanic group, ask "Are you..." and read the list of Hispanic groups again. If R says OTHER SPANISH, ask "Which Hispanic group is that?"

G32. Take whatever race R names here and do not question it, but if R says ANOTHER RACE, ask "What race is that?" Please note that race codes on the Cover Sheets are based on ten-year old interviewer observations--we have never before asked the families their race. Therefore, a Head or Wife/"Wife" may give you a different race here than what was coded on the family Cover Sheet.

G33-35. If Head had more than one period of military service, record the beginning and ending dates of each period beside G34, and the last ending date of military service in G35.

**G50.** In what month and year did you receive that degree?
G36. A GED means Head took an exam to earn a diploma that is the equivalent of a high school diploma. "GED" stands for General Equivalency Diploma.

G37-42. For elderly Heads, if they can't remember the year of finishing school, probe for as much as they can remember (around what year or decade was it?), and record responses in the margin.

G38,41. Record the number of grades Head finished.

G45. Years of college completed.

G47-50. This information is used to compare how people do economically who have different kinds of degrees, from different types of higher education institutions. "College" includes junior/community colleges, universities and graduate school. At G48-49, we want the institution where Head received her/his highest degree, which may not be the same as the last college attended.

G51-56. We've left room here for you to record up to 3 different types of training for Head, going down the boxes for each separate type. We want training such as trades school, secretarial school, hairdresser school, ministry training, professional apprenticeships, etc., that result in skills and certification for jobs. We do not want mini-courses in cooking, skiing, or other one-time, self-improvement courses.

G57. This is Head's religious preference--NONE is an acceptable answer, and if Respondent prefers not to answer, don't probe.

SECTION H: HOUSEWORK, FOOD, CHILDCARE AND HEALTH OF HEAD

H1. If there are roomers or boarders in the HU, time spent by FU members cleaning these rooms should not be counted in the questions. This is income-producing work and should be included in Section B or C (for the Head) or Section J or K (for the Wife/"Wife"). If R is unable to separate the time, make a note that time spent cleaning boarders' rooms is included in the housework hours.

H2. Be sure to check the correct box and follow the skip instruction. Any Other FU Member living in the FU now besides Head (and Wife/"Wife"), includes children of any age, even babies.

H3-6. Count here only housework that is done by FU members for FU members. Outside house and grounds maintenance and/or yard work are acceptable, but gardening time that generates food for sale or FU consumption should not be included here. Also exclude time devoted solely to children and repairing or renovating the house. If R can't give you a precise number of hours per week, replies such as "all the time," "a few hours a week," "just a few minutes a day," etc., are acceptable. If R mentions more than 3 people in the FU who help with housework, enter the information for additional people in the margins.

H4. Some Other FU Members may not have a Person Number (movers-in and Splitoff Other FU Members). Leave the Person Number space blank in such cases, but make sure we can tell which person it is without writing the name in the questionnaire.

This series concerns **food cost for the FU only**.

There may be non-FU members who live and/or eat with the family. We need food costs for **our FU only**. If extra eaters can't be sorted out please make margin note giving the sex and age of any extra eaters, e.g. "Amounts at H15 and H17 include food for non-FU female, age 35 and non-FU male age 41."

Sometimes, some FU members are eligible for food stamps while other FU members are not. Probe for who gets the stamps. Please make a note in the margin of who it is. If the R includes nonFU members here, (for example, former Splitoff daughter with own Cover Sheet lives in the HU), do **not** count them here.

**Cash value of the stamps for FU Members only.**

Food bought elsewhere and eaten at home belongs here. This includes groceries and carry-out prepared foods from groceries, restaurants, etc. that are brought home to eat.

Note that H11/H15 asks for a **weekly or monthly figure for all the persons now living in the FU**. We do not want to include expenditures on non-food items such as toothpaste, soap, paper towels, dog food, etc.

If the weekly food bill seems unreasonably high or low to you, use the probe built into the question, "Is that only your (FU's) share of the food?" or repeat the question emphasizing "...food that you use at home in an average week?"

Food **delivered** to the FU and eaten at home belongs here. Again, it may be groceries (milk, eggs, etc.) or prepared ready-to-eat food (pizza, meals-on-wheels, etc.); the distinction from H11 and H15 is that service is included in the cost of the food.

Same as H10,11.

Same as H12-13.

Food that is both bought and eaten elsewhere, as at a restaurant, belongs here. We do not want to include special events (parties, wedding receptions, etc.), or lunches eaten at restaurants during the working day.
H7. Did you (or anyone else now living in your family) receive government food stamps last month?

NOTE: Be sure you have specified a time period for each amount you list. Is the amount per week? Per month? Per two weeks? Or what? There is great variety in people's food expenditures, and often the time period is not at all obvious to us.

H19. "Commodity stamps" is a regional term used in place of "food stamps." Commodity stamps are issued by the local government, whereas food stamps are issued by the federal government. If R mentions commodity stamps, they should be included here.

H20. This is the cash value of the stamps.

H21-22. If the family received stamps irregularly, make a note to this effect. Find out how many times R got them, rather than how many months, and when.

H23. This checkpoint, although complicated in appearance, will do the trick quite well once you get used to it.

The first tier has two boxes: SOMEONE UNDER AGE 15 IN 1984 FU, and ALL OTHERS. If the FU had no one living there in 1984 who was 14 or younger, check the ALL OTHERS box. You are through; follow the skip instructions and turn to H27.

If there was someone in the FU in 1984 under age 15, check that box and move to the second tier of boxes. Check the box that describes whether a WIFE/"WIFE" is present or not in the FU now. If the FU currently has a WIFE/"WIFE", check that box and skip to the next appropriate question.

You get to the third tier choices only when there is no WIFE/"WIFE" in the FU. There, choose the box that describes Head's working status in 1984.

So, you ask H24 only when: 1. The FU in 1984 included someone under age 15 and
2. There is no WIFE/"WIFE" in the FU now and

H24. We want all childcare arrangements for all children under age 15 during non-school hours, and for babies/toddlers whenever parents worked. List individual children and arrangements separately, i.e., 12-year-old girl went to neighbor's house after school; 3-year-old boy in daycare center; 4-year-old girl spent mornings in nursery school and afternoons at home with sitter, etc.

H25. OTHER is for combination arrangements, i.e., children cared for both at home and somewhere else. Specify where (daycare center, sitter's house, grandmother's house, etc.).

Please note: on page 75, items J1a-d are a series of checkpoints you must complete after you finish Section H in interviewing the Head. This series of checkpoints tells you where to go, and what section you next proceed with, depending upon whether or not your Head has a Wife/"Wife," and depending upon whether you interview the Head or the Wife/"Wife" first. If the Head doesn't have a Wife/"Wife," such as for single men or for female Heads, the checkpoints skip you past the Wife/"Wife" interview contained in Sections J through P. If there is a Wife/"Wife" in the FU, and if you have first interviewed the Head, at this point you are done with the Head interview and the checkpoints direct you to attempt the Wife/"Wife" interview.

If there is a Wife/"Wife" in the FU, and if you begin the questionnaire by interviewing her, the Wife/"Wife" interview begins on page 76, item J1e. You skip page 75, items J1a-d for now, and complete page 75 when you take the Head's interview.

Review again the definitions of Head, Wife, and "Wife" (see Glossary). All female friends who have been in the FU for a year or more OR since last year's interview, and all legal Wives are treated in the same manner. You will read the term "friend," however, for the "Wives."

Sections J and K apply to Head's Wife or "Wife." They are parallel to Sections B and C which are for Head. Question objectives presented for Sections B and C apply to similar questions in Sections J and K—see Sections B,C.

Section L traces the marriage history of the Wife/"Wife," from her first marriage up to last or current marriage. This section is the same as Section D, Marriage History of Head—see the question-by-question instructions in Section D. For Wives/"Wives" who've married more than 3 times, use the Marriage History Supplement form (yellow). Remember that most recent marriage, no matter how many times Wife/"Wife" has been married, goes in items L17-22.

Names of spouses are asked for in this section only to help sort out family relationships and, again, these names will be removed from the questionnaires in Ann Arbor. Write spouse names on the yellow peel-off labels, not directly on the questionnaire.

TURN TO P.104, SECTION M
As in Section E: Children of Male Head, the questions here ask about all children ever born to female Head or Wife/"Wife"; then about all children ever legally adopted by female Head or Wife/"Wife"; and finally about all children raised for at least a year's time. These questions are the same as those asked in Section E so we have not repeated question-by-question objectives here for these questions--see Section E for instructions. You will again need to have a supply of sticky yellow labels laid out, ready for recording the names of children born, adopted and raised by female Head or Wife/"Wife." Write one child's name per label, and transfer the label for each child into the questionnaire as you begin the series of questions for that child. Take the children in the order that R gives them to you.

Because we ask married women and "Wives" about children born to them with their present husband/partner, and with prior partners, you are instructed, at M11, to identify the children born to female Head, Wife or "Wife", with a man other than present partner, by marking an X in the lower righthand corner of each yellow label that bears the name of a child born with a prior partner. Thus if Wife had child Suzy with her present spouse, you would simply write "Suzy" on a yellow label; if Wife had child Jason with anyone other than her present spouse, you would write "Jason" on a label, and mark X on the bottom righthand corner of Jason's label. These X's are very important in helping us pinpoint stepchildren, and clear up relationships among members of the panel, so please take care to record X's when needed. Questions M5-10 will tell you which children require an X, along with their name, on their yellow label.

The second, and only additional difference between this section and Section E is that here we ask a series of questions about health care and government aid received by women during any pregnancies in the last seven years (1979 or later). This series follows each set of questions about OWN children, and is in questions M19-27, M36-44, M53-61, and on the FEMALE HEAD/WIFE/"WIFE'S" OWN CHILD (peach) supplement. Question by question instructions for this series is given, because the series wasn't asked earlier in the questionnaire. The following pages reproduce all of Section M, for your review, and the Q by Q's for the health care during pregnancy series is on the page which follows M19-28.
SECTION M: CHILDREN OF FEMALE HEAD OR WIFE/"WIFE"

M1. Now, we would like to ask about births of children. How many children have you (FEMALE HEAD/WIFE/"WIFE") ever given birth to?

M18. This checkpoint tells you whether this OWN child was born in the last 7 years--if so, you ask M19-27, the health care during pregnancy series. If the child was born before 1979, this series is skipped.

M19. Include any licensed medical practitioner, doctor, nurse, midwife-nurse, etc.

M20. If Respondent says "somewhere else," describe the kind of place where health care was received.

M21. "Private health insurance" means the woman, her family, employer, or someone else other than the government paid for insurance coverage.

M22. Medicaid is government-paid health care, administered by state or county governments.

M23. WIC is the "Women, Infants and Children Program," in which federal funds are administered by state or county agencies. The program provides food and nutrition information for pregnant mothers; for mothers and their infants up to one year after the infant's birth; and for children up to 5 years of age. Participants are given food, and/or vouchers for the purchase of food.

M24-27. We want to know if the women participated in any other federally-funded assistance programs while they were pregnant. If they mention getting some aid that doesn't seem to fit the categories given, please describe in a margin note.

M36-44. Same series as M19-27, as applies to second OWN child mentioned by female Head, Wife or "Wife."

M53-61. Same series as M19-27, as applies to third OWN child mentioned by female Head, Wife or "Wife."

This series also appears on the OWN child supplement (peach), for additional children born to female Head, Wife or "Wife."

SECTION Q: MARRIAGE HISTORY AND CHILDREN OF OTHER FU MEMBERS

This section consists of two series of questions which lead to a grid. Questions Q1-3 ask if there are any members of the FU, other than Head and Wife/"Wife," or Splitoffs with their own Cover Sheets, who are between the ages of 12 through 44, and who have ever had any children. If there are such Other FU Members who have had children of their own, you will list them in the grid at Q6, and use the OTHER FU MEMBERS SUPPLEMENT BOOKLET to ask the history of these Other FU Members' own children. Note that for Other FU Members who have had children, we ask only about children born to the Other FU Members, and not about children adopted or taken responsibility for. The own-children questions for Other FU Members are the same as those in Section E: Children of Male Head; see Section E for Q-by-Q's. If you have Other FU Members who have had children, you will again be using the sticky yellow labels to record the children's names, and affixing these labels to the proper page in the SUPPLEMENT BOOKLET, so have a supply of labels ready for recording names.

We allow space in the SUPPLEMENT BOOKLET for Other FU Members to tell us about a total of eight children. If you get an Other FU Member who's had more than eight children (this should be very unlikely to occur), tear out the number of additional own-children pages that you need from a fresh (unused) SUPPLEMENT BOOKLET, and staple them into the back of the booklet for the Other FU Member you are asking about.

Questions Q4-5 are to discover if there are any members of the Family Unit, other than Head and Wife/"Wife," who are between the ages of 12 through 44 and who have ever been married. If there are any such ever married Other FU Members, you list them in the grid at Q6, and then use the OTHER FU MEMBERS SUPPLEMENT BOOKLET (white) to ask questions about these people's first and last or current, marriages. The marriage history questions in the SUPPLEMENT BOOKLET for Other FU Members are the same as questions in Section D: Marriage History of Head, except that we ask only about the first and last marriages of Other FU Members, not about all marriages. See Section D for question-by-question objectives. Please note that the SUPPLEMENT BOOKLET is for Other FU Members who do not have their own Cover Sheets, and does not include Splitoffs who have returned to the parents' home but still have their own Cover Sheet.

Please note and remind the R that these questions (Section Q) apply to Other FU Members only and do not include HU residents who are not part of the Family Unit.
